

## Calvary Chapel Meadow Mesa

CCMM is blessed to have a pastor that is creative, imaginative, visionary and brave enough to take chances on frail imperfect human beings. He thinks outside the box and is in awesome company. For you have to think way outside the box to build a boat (what's a boat) to escape the flood (what's that) from the rain about to come. (which had NEVER ever happened) You have to think outside the box to leave your family and its wealth behind to go, without a map, to a place you've never been to look for a city built by God Himself. And you'd have to be plum crazy to go up against an enemy of thousands of well trained armed soldiers with no more than a bunch of trumpets, tamborines, and a church choir. But we all know the results of those who did exactly that.

Are you a visionary? Do you want to be? It is not for the timid or unbelieving, nor is for the luke warm or complacent. But if you burn with desire to know and receive all that God has for you, come join us. Begin to experience the supernatural joy that can only be found in serving the one true God and His Son Jesus Christ.

If you have a testimony that glorifies God and can encourage, comfort, inspire, instruct or motivate others toward God, let us help you do so. We have a panel of well versed spirit filled believers that will view your material. If we agree that it is in line with our understanding of scripture and will bless the believer or inspire the non-believer to believe, we will assist, edit, create graphics and put your testimony in to tract form at no cost to you. WAY 180 is a non-profit entity. We do not pay for testimonies or stories nor do we profit from the distribution of these tracts. All proceeds go into the ministry to further promote and print more tracts. Should you wish to purchase them from WAY 180 they are sold in lots of 25 for the cost of printing and shipping when applicable

## WHAT IS YOUR VISION?

Above is an artist's rendition of what the New Jerusalem may look like. All the movers and shakers in scripture were people of vision. To be a person of faith is to be a visionary; the entire eleventh chapter of Hebrews attests to this. But to be visionary you MUST understand your citizenship, for you WILL NOT see what you are not looking for. If you are an American, Briton, German, Nigerian, Colombian or any other nation's citizen and you pledge your alliance to that place, you won't get it. And in God's Kingdom, dual citizenship is not an option, for you can only serve one King. It's not a matter of symantics but revelation. I currently dwell in the geographic area known as the United States of America, but it is not my home. I am merely passing through to my destination and place of origin. For I am in fact a citizen of an eternal kingdom. No part of this world is my origin or destination. Although I genuinely care about this nation's well being and have certain civil responsibilities while dwelling here, I focus on a much higher concern; The Kingdom of my God and Father. For example, if I were living in Sweden but still held citizenship in my home country of America I would be far more concerned about the things happening in my own nation than that of Sweden. I would still do my best to be a good local inhabitant of my geographic location but should things go awry in that place I would focus on going home where I belong. What is your focus???
